IN A FLASH

Dear Carlos,

Congratulations!
It's been great
having a student like
you in my classes and
as a counselee. Work hard
and accomplish all your goals.
I wish you a beautiful future
full of love and happiness.

HOMECOMING

A Night in Medieval Times, a night to remember as 1987 Homecoming. Our traditional parade of floats was stymied because of the previous days rain. Instead of circling the field on the track, the floats were displayed on the area by the McIntosh Field sign. The seniors won the sweepstakes prize for their portrayal of Camelot.

The excitment built as half time grew nearer. The Band played, a corridor of flags for the court to walk under, a net full of ballons to be released upon the crowning. Finally it occured when the tiara was placed upon Sarah Panganiban's head. Adding to the enjoyment was a victory over the Walnut Mustangs.

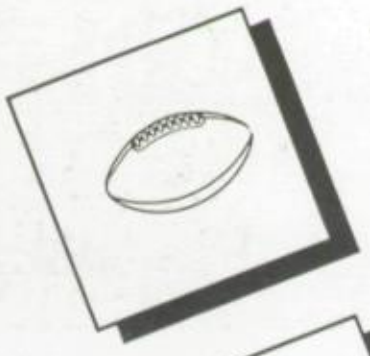
Sports and High School seem to go arm-in-arm. 50% of most high school student's time is devoted to practice, games and conditioning. Those of us who don't play spend our time supporting the teams.

What satisfaction do football players get out of beating each other to a pulp while chasing an inflated piece of cowhide? And we still get excited when our team hits the other harder than we get hit.

Tennis players run themselves ragged for the sake of beating up a little yellow ball. When our teammates get "love" we get crazy.

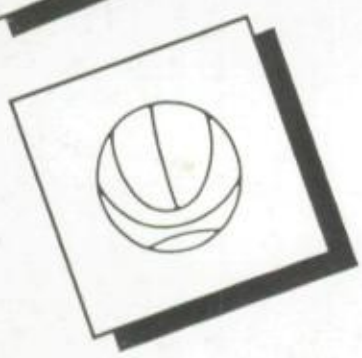
Volleyball is a game of precision because if you are not on your toes and ready for anything you may find yourself face to face with a 50 mph white rubber ball.

Skill and precision is what makes up most sports from Badminton to Baseball, from Soccer to Swimming! Although each sport is different, they all are enjoyed, supported and envied by everyone.

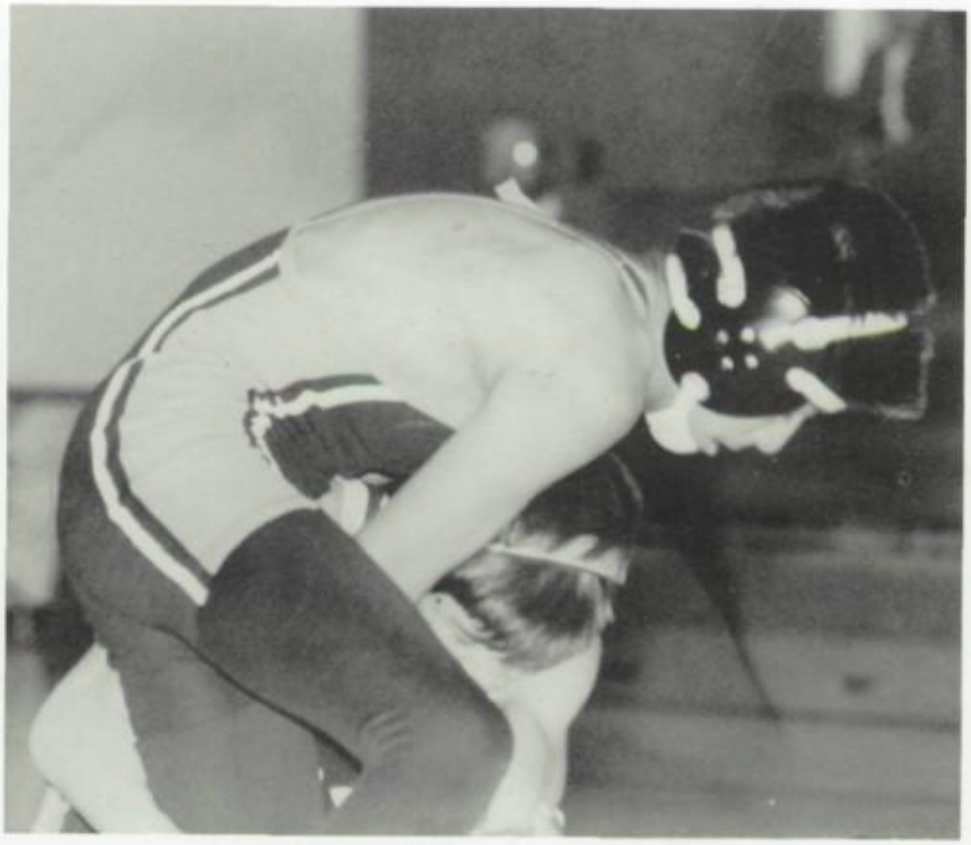


Brian Fowler — Football is challenging because it makes you use your skills and body against others of equal determination. It teaches you unity and the importance of team work.

Socorro Cudal — Enjoys the competition and the excitement. Practicing all summer is hard and it makes me work harder in my classes.

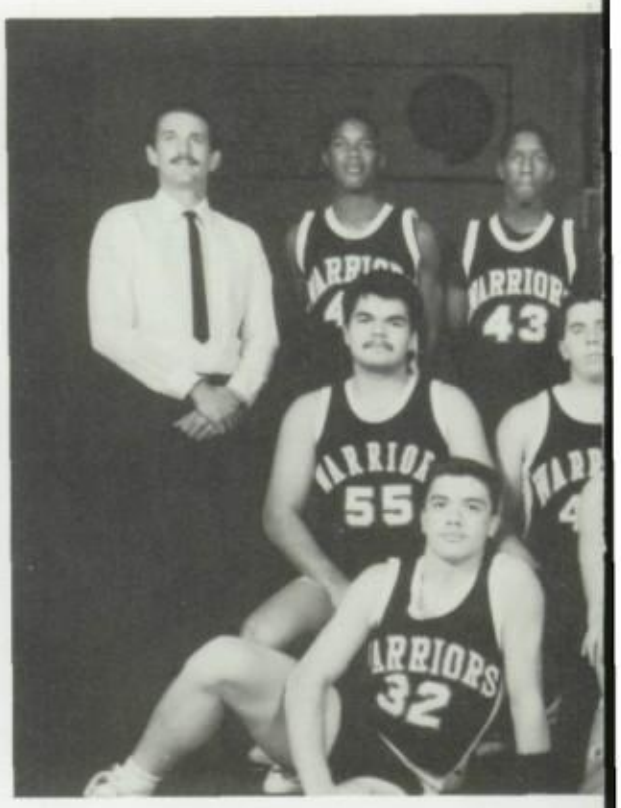


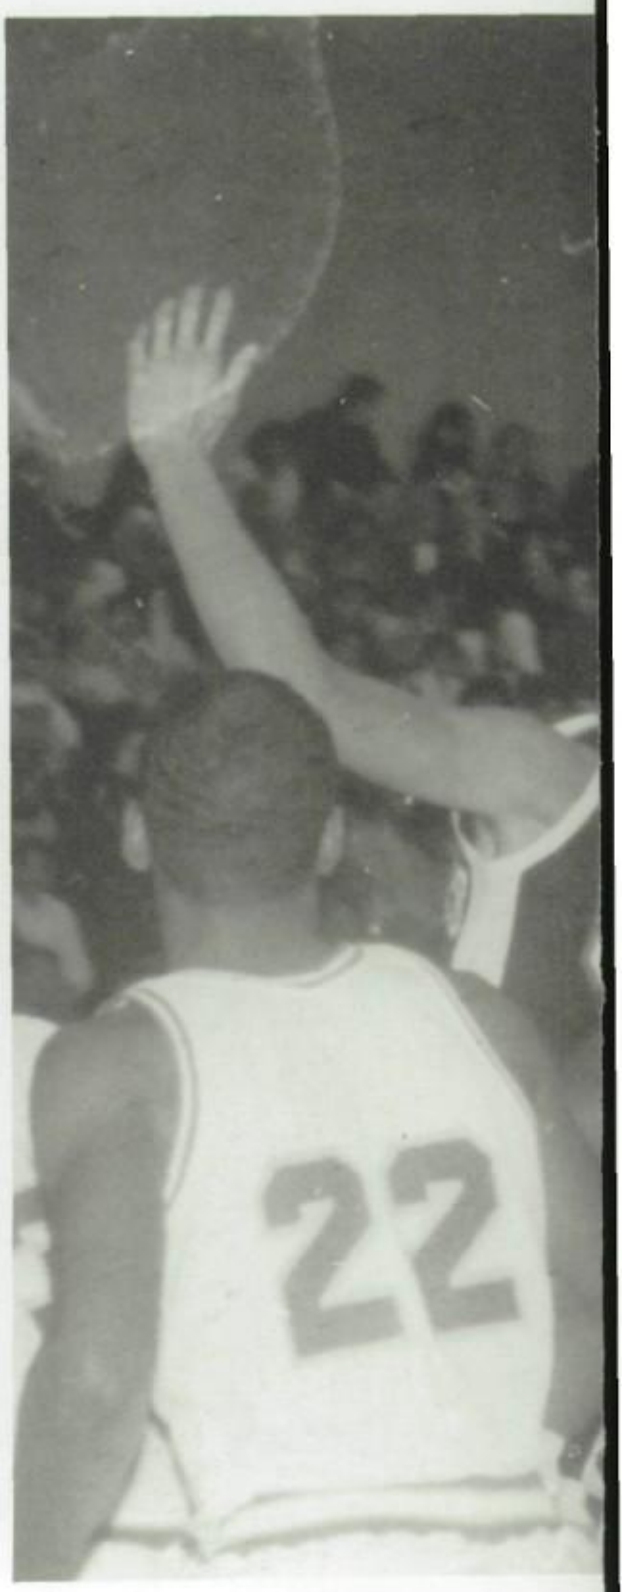
Anthony Mendoza and Rigo Bojorquez — Receive satisfaction from executing good plays, and that team work takes tremendous hard work.



Boys from the Hoop

Varsity basketball proved to be very successful. The team accomplished it's goal of entering C.I.F. playoffs. During the season the team experienced hard times, but always seemed to come through at the end. For the first time in years they were ranked one of the best teams in the valley. Their opponents always confronted the ***Warriors*** with great fear and respect as the team captured the second place spot in the Nogales Christmas Tournament. The J.V. team had it's moments as well. They ***crushed*** many of their opponents with overwhelming performances. They, too, were considered a tough team and are expected to produce a good varsity team in the next season.





Second year varsity Coach Bob Poirot has coached the Warriors to C.I.F. The basketball teams last C.I.F. engagement was in 1975.

Ladies on the Ball

Having a great summer league and becoming the West Covina Summer Division Champs, the ladies entered the season with great expectations. After having a record of 11 and 4 during the summer league, their biggest goal was to reach C.I.F. They came one game from making the C.I.F. playoffs. But overlooking that upset it all narrowed down to a **"Good Season"**. The ladies wanted to thank Coach Bemis for all his dedication and hard work.

The J.V. team was made up of very energetic girls wanting to learn the game. They were all young but they came out with a fair season. Good Luck next year!

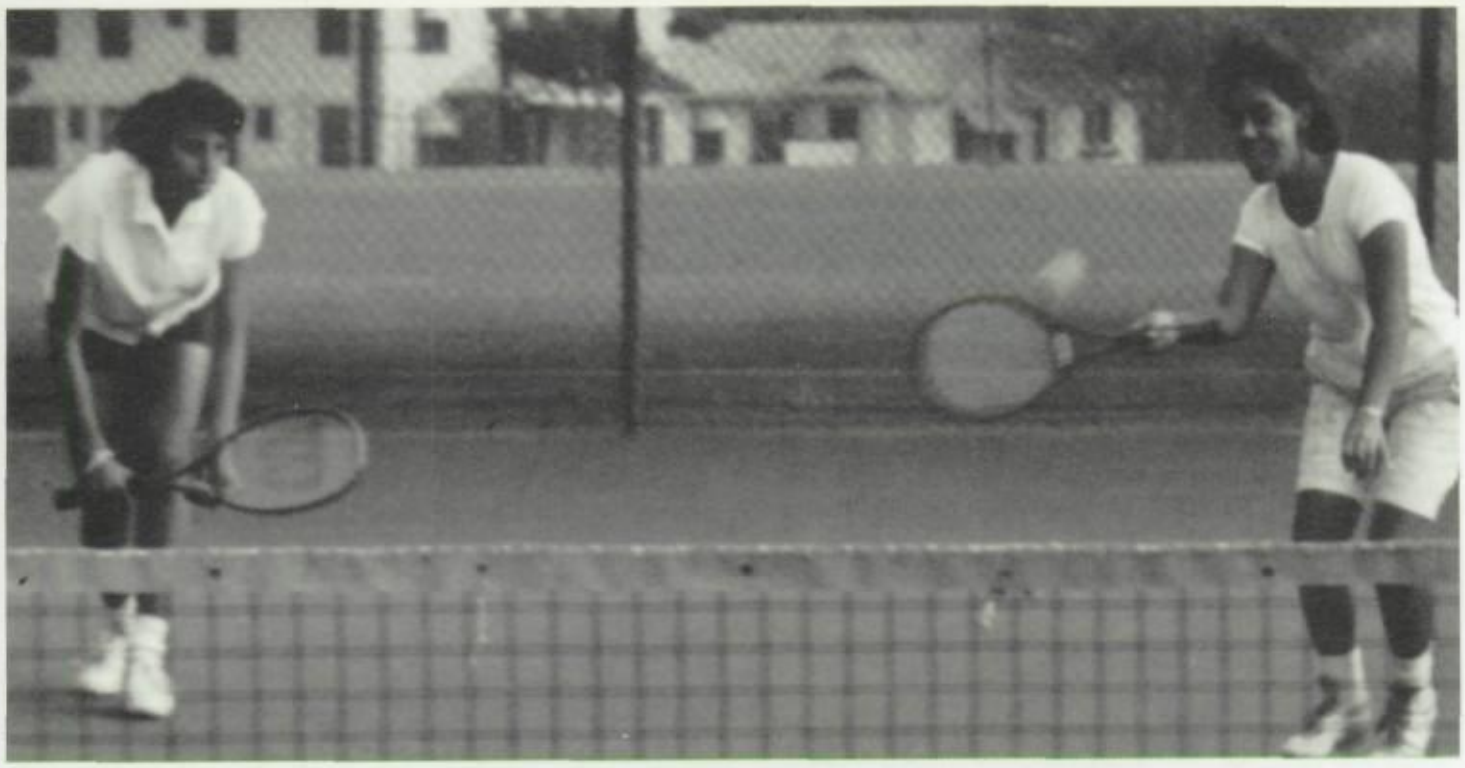
Improving with Style



"I had a great varsity tennis team . . . academically, coachable, good listeners . . . and yet we had a slow start since many were first year varsity players. It was an enjoyable season because we were very successful, not on the scoreboard, but in improving and learning to play the game with style," said Coach Sally Reclusado. Although the team wasn't successful on the scoreboard, they kept practicing with enthusiasm and optimism. "We improved quite a bit throughout the season," said Gloria Galvan. This extra practice paid off for the girls at the Valle Vista League Finals which were held at Industry Hills October 28th and 29th. There Socorro Cudal played up to the second round with the number three seeded girl from West Covina. Unfortunately she lost, but it was a very close match. Her comment was, "This year's team had a lot of enthusiasm and will to win which made the season more challenging and enjoyable". During the finals, the Valle Vista League coaches voted Ayde Aparicio in the All League Second Team for her improvement and games won.

"J.V. Plays with Pride"

Our girls J.V. volleyball team this year playing fast and challenging games, were full of Warrior pride all season long. Under the coaching of our well known teacher, Wendell Condon, the team soared to a record. The girls worked harder and harder at every game, which they found intense and difficult. And as a result, the team had a great improvement by the end of the season. Most of the J.V. members are determined for next year. They plan on having an excellent record.

Tough Moments!

Working hard from spring through summer under the experienced leadership of new Head Coach Richard Kunishima was a great opportunity for the Warrior football team. It changed the players both physically and mentally. Coach Kunishima believes in short, but tough practices, with correct execution of the plays being the key ingredient. Everyone pulled through helping one another, and encouraging each other to work harder. The players devoted all of the time and effort requested, giving 110% to the rigorous and sometimes painful practices. The season had many exciting times as well as bad times. Captain Richard Martinez led the Warriors into battle each game, with spirit and integrity. His actions were a classic example of Warrior pride. Other players like Sherman Fox, Benny White, Victor Tovar, Dwane Jones and Gary Gonzales played key roles with outstanding performances during this years season.

"No Pain"

Endurance is the key for the cross-country team. This and keeping Coach Augi Neri's motto in mind, "No Pain, No Gain", led the team to C.I.F. once again. Showing this "pain" gave them a second place "gain" overall. The varsity team also went to the finals after competing in C.I.F.

Bob Norberg, our new Water Polo coach arrived from Alaska in time for school to start. He then assembled the team to start practicing for the season. Although most of his recruits were too new and inexperienced, the team did well. Coach Norberg says they didn't have much time to practice for this year's season, but they'll get on the ball soon before next year's season starts.

Seasonal battles for our volleyball players were fought with pride, integrity and most of all, intensive challenges. Coached by Duane DeStephani the boys worked hard throughout the whole season. Together they fought the most challenging games playing excellently. Their season started off fairly well and got better and better. They never gave up in anything. No matter what happened the team worked, played and stood together, never letting down. The team is very strong and talented, always keeping their pride and integrity high. This year's Varsity Volleyball team captain David Avalor is proud of his team playing so well and anticipates next years return of most of the players, which will be returning stronger than ever, ready to face the excitement of next year's league games. The J.V. Volleyball team carries the same qualities as the Varsity team. They played surprisingly well all through the season and forsee next year's league games as great.

Last year's badminton team missed the C.I.F. playoffs by one match, losing by a score of 14 to 15. Because of this heartbreaking loss, this year's team has devoted themselves to winning the league championship for the 1988 season. With the return of nine of last year's thirteen players and two JV players rounding out the squad, the team was well on it's way to the goal it had set.

The season started out smoothly as Varsity won all four of it's non-league matches and JV won all but one. League also started out nicely for Varsity as they won their first two games. Under the guidance of Coach Thomas, the team is planning to take league.

In the words of Coach Gomez, "They don't dance, they don't play an instrument, but they definitely play ball". This year's varsity baseball team was made up of mostly veteran players. With Coach Gomez's help and Captain Ben White's leadership they did a fine job. J.V. Baseball was under the guidance of Coach Grant and Assistant Coach Cassidy. They had an exciting season of good ball playing. That would also go for our Freshman team, who was headed by Coach Hrey. Not many people pay attention to these teams, but they do an excellent job representing La Puente.

1987-88 Swim team, through much pain, dedication and determination swam toward their goal of giving it all they've got. They came into a great year with a new coach and the young eager team. The only returning varsity members they had were Dena Wilhelm, Belinda Mercado, Tom Marquez, Paul Gonzalez and Margel Garcia. With all these factors in place it seems that the swim team will surely reach it's goal.

La Puente Soccer started with a league score of 3 wins, 4 ties and 5 losses. Although the team had not accomplished as much as they had hoped to, they set new and higher goals for next year's team.

Pin Em' Down

La Puente's wrestling team had a very successful 1987-88 wrestling season. Placing in the top three at various tournaments throughout the season. And in the process turning the heads of many coaches in our league, who once again are starting to realize that the La Puente wrestling program is again a force not to be dealt with lightly. Under the command of once state wrestling champion, Coach Greg Griego, the team worked hard and devoted many countless hours to drilling and practicing. Because of the strenuous practice, and fierce competition for positions the team was reduced to only a Varsity and several Junior Varsity wrestlers. Even though their numbers were few, the many hours of practicing and drilling payed off as the dedicated team finished the season with 5 wins and 3 narrow losses. This year nine wrestlers went to C.I.F. with Javier Elizondo, Will Rogers and Shaw Rogers placing 6th.

Basketball Homecoming

The male student association sponsored another great Basketball Homecoming dance. With the help of President Paul Espinoza, the night was a success. Even though the victory went to the opponent, the entire game was filled with exciting plays that left us all in awe. After the game was the dance. The gym was filled with students, teachers and alumni. Finally the time for the coronation arrived. The victorious candidates were, King Brian Fowler and Queen Pita Licon. All in all, everyone had a great time.

TWINKLING LIGHTS

Clubs and organizations are a fun part of school because joining with other individuals who have the same interests keeps students involved in school activities.

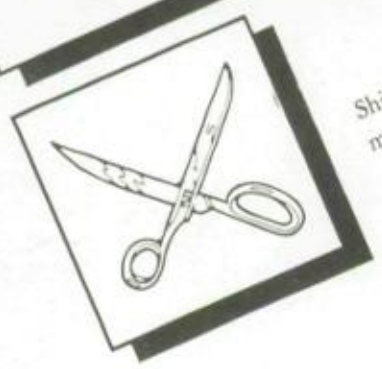
Taking part in the various clubs and organizations fulfilled the lives of the students. This involvement taught the members to be responsible and likewise, dependable. Their ability to work together was the main source of the growth of their club.

Students have a chance to develop their interests by choosing from the wide variety of fields available.

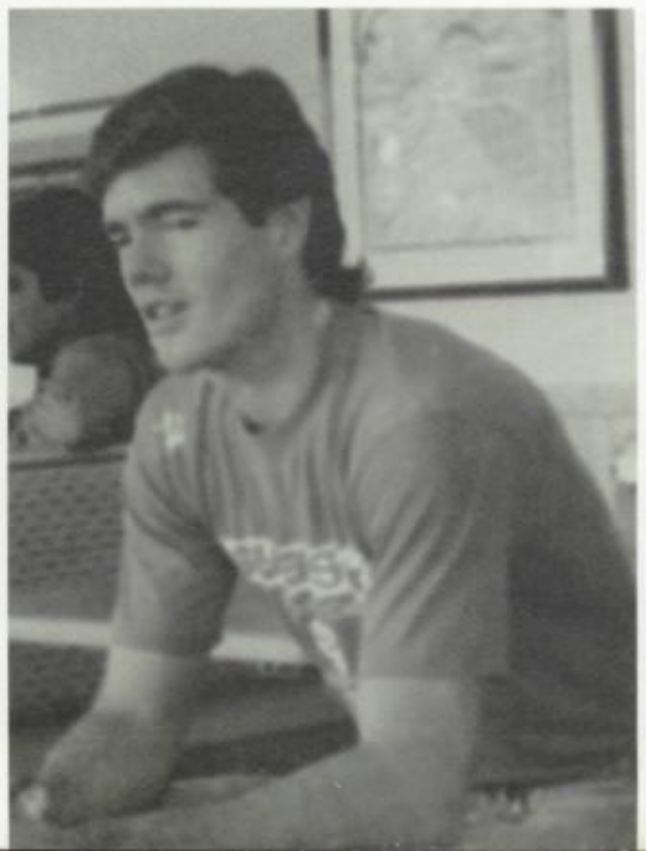
The whole idea of having all these clubs is to mix schoolwork with pleasure.

Stephanie Avina - I get the satisfaction of knowing that I'm helping while I'm meeting new people. I enjoy being around the people I work with.

Nora Chavez - Clubs are fun and exciting. They give us something to do besides homework.



Shirley Leib - We do interesting things and they give us a chance to meet peers.



Associated Student Body

This year's ASB officers are: Pres. Robert Wood, V-Pres. Trent Poole, Sec. Marisol Fuentes, and Tres. Patty Gonzales.
ASB was in charge of all activities, such as games, dances, rallies, and Spirit Week. They also take alot of responsibilities during school and after hours.
Robert Wood, President of ASB, is the first male to have this title in a few years. He has done an outstanding job this year!

Classical Literature

6

The Classics Club is a club which helps students communicate and learn about literary classics. Every month the members of the club choose a particular classic of literature to read. After reading the book, they meet at the home of their advisor, Mrs. Jennings. The warm atmosphere helps in making the members comfortable. Thus they communicate their opinions freely. Everyone contributes their own thoughts about the book.

But work isn't all they do. This year for the first time, the members went to Huntington Harbor's Cruise of Lights in December. "It was a chilly night, but meeting interesting people and seeing the spectacular light show gave us a warm sensation", remarked Anthony Simmons, a club member.

Commitment to Excellence

The California Scholarship Federation is a club honoring students whose academic achievements demonstrate a commitment to excellence. Their work, time and effort in striving for this goal is clearly shown in their individual accomplishments.

CSF membership is open to those students who meet certain academic criteria each semester in college preparatory courses. Students who are members of CSF for at least four semesters (one of which must be in their Senior year) are awarded life membership and are given a gold rope to wear at graduation. During graduation cash scholarships for one or two deserving seniors are presented.

Throughout the year the club sponsored several fund-raisers such as a candy sale, a chocolate gooey sale, and a car wash. These sales raised money for sweatshirts, scholarship (s) and privilege day. Privilege day is an end-of-the-year field trip for CSF members usually to Disneyland or Magic Mountain. Under the leadership of President Sarah Panganiban and advisor Ila Kuestner, the club had a successful and rewarding year.

This year the California Cadet Corp, which was supervised by Sergeant Harrison, had a very successful and active year. They were involved in many activities which took them to First place, for example, at the match at Pericidial in San Francisco, Cynthia Morales placed as State Champion for the Rifle team. Also, the Lieutenants took first place with Robert Mendez as the commander. These Cadets worked hard to achieve their goals.

Theater Club

Mrs. Ide is the advisor of the Theater Club. Their goal for this year was to attend performances at high school, community colleges, musical and professional plays.

Some of the plays that the Theater Club has attended are: Amadeaus at Fullerton College, Harvey at La Puente Adult School and *Romeo and Juliet* at U.S.C.

Field Science was a surprisingly popular club among La Puente students. The membership of the club increased which indicated the growing interest of science on our campus. Yet another reason for the successful outcome of the club is that students were discovering the diversions Field Science had to offer.

The news of a weather station brought new interest to the club. Students became fascinated in it's restoration which would be a rare experience. The club also tried to get as many members as possible to attend the Environmental Education Fair which included an ecology treasure hunt. A team of 4-6 trained members participated in the hunt and competed with other schools.

In addition, since Field Science was established, it's members have dedicated their time to preserving and maintaining the Natural History Museum on our campus. It was also one of the few clubs that constructed a Homecoming float this year.

At the end of the year, Field Science managed to donate a scholarship to a needy member who has professed an interest toward a career in science.

Under the supervision of advisors Mr. Arvedson and Mr. Larson, and President Diana Alvarado, the club has had an exhilarating year.

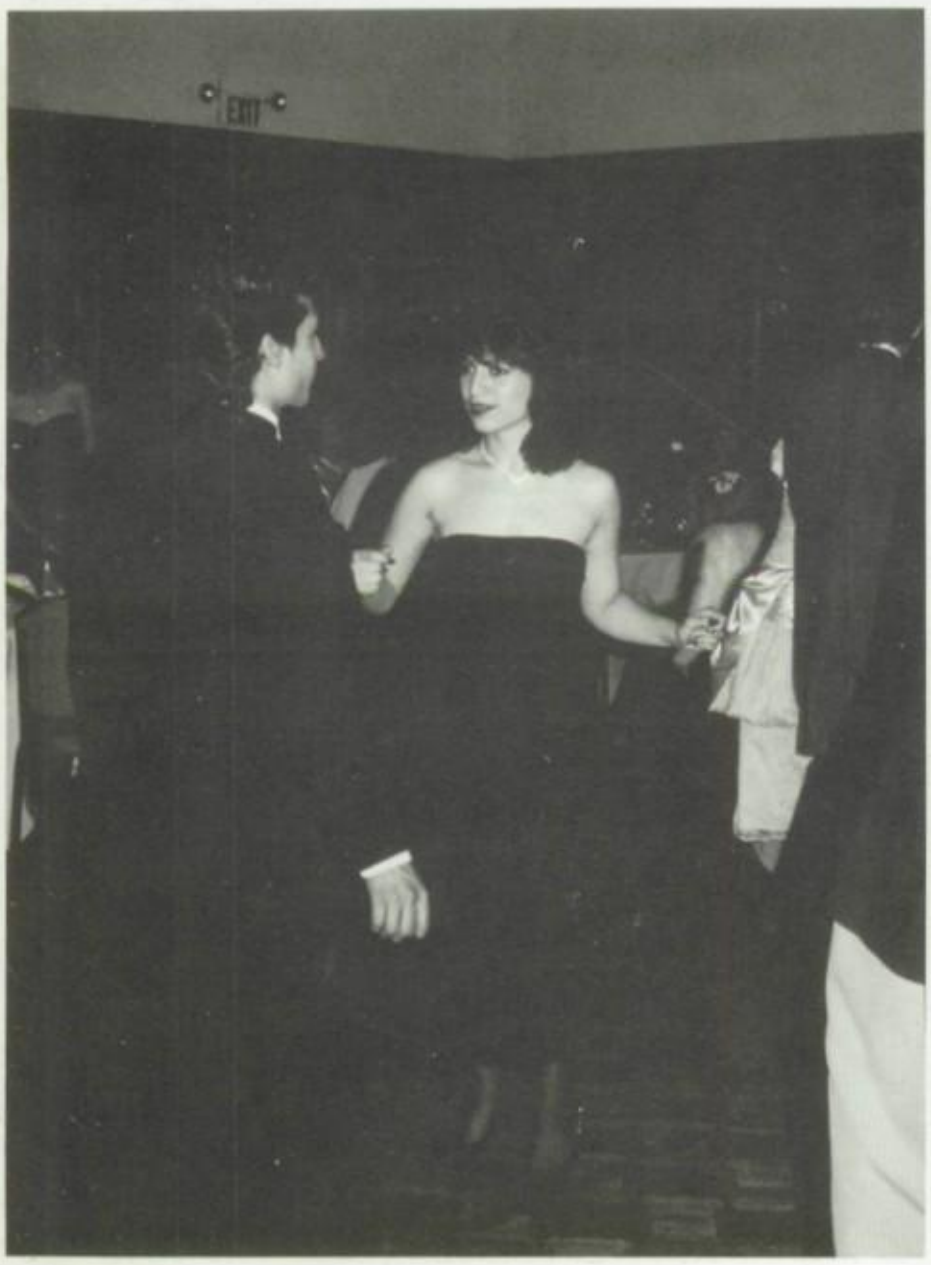
Girls In Action



Girls League is a club whose purpose is to introduce every girl in La Puente to some kind of activity, and make her a vital part of student life. However, those female students who regularly attend meetings and functions shall be called the "active members".

This year Girls League had another successful year. With Frosh Frolics held on October 28, followed by one of the biggest dances of the year, the Winter Formal held on February 6 at Swiss Park Inn, in Whittier. Also, the Hula Hop which was the last dance of the year, was held in May. All of these girls worked hard to make those events much more fun and exciting for their fellow classmates.

Scholars compete at History Day

by Olivia Garcia

History Day 1988 wins interest from students of all ages in it's second year in the Hacienda La Puente Unified School District.

History Day is a national effort to get sudents in elementary, junior high, and high school to become active participants in the historical process. "History Day gives students an opportunity to delve into historical events and bring their own interpretation and creativity to these events," said Mrs. Helen Jennings, social science teacher.

Although History Day has been in existence for some time in other areas, for the Hacienda La Puente Unified School District it began in the 1986-87 school year. La Puente High School has been the host campus for the two years that History Day has been in the district.

History Day consists of two divisions, Junior division (grades 6-8) and Senior division (grades 9-12), and seven separate categories. The categories consist of historical papers, oral performance, media, and projects, in all of which contestants can compete individually or in groups.

Winners from the district History Day will go on to participate in the county History Day held at U.S.C. on April 9th. Any students winning at the county History Day will go on to the state competitions in Sacramento. Winners will then go on to Washington, D.C., for national competition.

La Puente High School students going on to the county History Day are Pamela Madrid, Tim Morse, Kathy Vega, Nora Chavez, Monique Jimenez, and Aaron Arlotti.

Many people and organizations helped out History Day together; however, Ms. Bonnie Wilson, resource teacher at Sparks Jr. High, conceived the idea of having this event in the Hacienda La Puente Unified School District, and coordinated all of History Day.

History Day is an event that benefits the students that participate, and is becoming a part of every school calendar in the district.

Many obstacles were overcome by the Tomahawk staff. The first obstacle that was dealt with at the beginning of the year was the lack of experienced journalism students, with only two returning staffers and a chief editor. But with many eager-to-learn students the Tomahawk was able to produce it's first issue on time. Another obstacle was the change in format of the newspaper from a four page newspaper to an eight pager, which doubled the workload for the staffers. But as time went by each of the 17 Tomahawk members gained experience and were competently able to produce the eight page newspaper once a month with the guidance of Tomahawk Advisor Linda Hammond. These obstacles were effectively overcome and the student body and faculty of L.P.H.S. were able to enjoy an informative and entertaining school newspaper.

Association of English for Foreign Speakers

AEFS for short is a club on campus that helps students from other cultures to learn our language and culture while not forgetting their roots. One way they do this is to celebrate holidays. The club celebrates traditional American holidays as well as those of the homelands of the many members. In past years AEFS has held a luncheon for the teachers and also given out scholarships. The scholarships are given to the students by the AEFS parents booster club. This year's officers are: President, Carlos Gil, from Columbia; Vice-President, Marisol Mirales, from Puerto Rico; Secretary, Blanca de Leon, originally from Mexico; Treasurer, Edgar Roldan, from Mexico; Sergeant-at-arms, Renanto Cruz, of the Philippines.

Spanish Club

The Spanish Club here at La Puente High is a very active club on campus. This year they put on a talent show that was very successful. They not only do things on campus but also off campus. For instance, during the Christmas vacation the club, along with advisor Mrs. Kennedy goes and visits orphans in an orphanage in Tijuana.

Like many of the other clubs on campus, Spanish Club gives a scholarship to one of its graduating seniors. The club members also get together once a month to celebrate each other's birthdays.

This year's officers are: President, Larry Campa; Vice-President, Matt Shimck; Treasurer, Dolores Ceja; Secretary, Alex Hernandez.

"Students Helping Students"

La Puente's Peer Counseling program is a fairly new one. It has been in effect since last year. Ms. Tsuneyoshi, who is in charge of the program, explained that its main purpose is to teach listening and communication skills. These skills are important so that students may become more aware of their personal feelings. The program also builds the peer counselor's confidence by helping others who have similar problems. Peer counseling benefits both the students enrolled in the class and their peers who might need counseling. In addition to the counseling, the group at California Elementary. this year's peer counselors are Sergio Garcia, Marisol Fuentes, Angie Amstutz, Johnny Cortez, Teresa Perez, Claudia Esquivel, Monica Bracho, Sylvia Caldera, Matt Morse, Lizette Bravo, Yu Kyung Koh, and Sandra Alvarado.

As you walked down the hallway did you ever wonder who the young ladies and men in navy blue outfits were? The navy blue uniforms belong to people in an organization known as the Sigma.

"Service" is the motto of this organization. Their purpose is to encourage school spirit, develop the character of the club members, serve the school and community unselfishly, set a good example of conduct and honor those who gave service to the school.

In order to be a member of this club, the student has to be a junior or senior, maintain a 2.5 academic average at each semester grading period and obey all school regulations regarding attendance and discipline.

Throughout the year the members followed the rules and served the school and community. First, they helped at the Parent Conferences. Secondly, some of the members worked at the annual Halloween Party held at La Puente Community Center. Also, there were the school plays which the members hosted.

Besides serving the school and community, Sigma also served the students and teachers by tutoring students or being teachers' aides.

Larry Campa said being a member of the Club "gave me a chance to work with different people and help them out. This made me feel like I was really a part of the school and community."

The club had two fund raisers which helped them raise money for their annual end-of-the-year honors banquet. Mrs. Herron and Ms. Tsuyenoshi were the Sigma advisors.

Larry Campa carefully counts all points while Sigma members wait impatiently. 7. "Oops wrong door" says Jeff Mink. 8. "Do you want some of my sandwich," says Nati Sanchez to Claudia Cruz. 9. Socorro Cudal prepares to begin the meeting. 10. Miss T, club advisor, is stunned by the amount of candy in the room.

A Look at the Future

The engineering Club has been at L.P.H.S. for three years. The club has different functions; they have meetings at the advisor's house once a month which is really fun.

The club is of interest to students who intend to become engineers and those who are undecided. The highlight of this year was the invitation by engineers from U.S.C. to attend an all-day long conference at the Museum of Science and Industry. Mrs. Morecroft is the club advisor.

Primarily, Key Club is a community service organization under the supervision of Kiwanis International. They are composed of a great staff of officers, governed not only by students but also of adult supervisors Mike Sullivan and Brian Sullivan. The Key Club stands out as one of the top groups of young men and women. The Key Club also takes part in social activities such as field trips to parades, barbecues and other entertaining outings.

English For Speakers of Other Languages

The purpose of ESL is to teach English to foreign speakers. Its chief goal is to one day have English become the main language of students while at the same time preserve their own culture. Thus, ESL is referred to on our campus as English for Speakers of Other Languages (ESOL) rather than English as a second Language.

ESL has three levels of English - beginning, intermediate, and advanced. The program teaches writing, reading, and oral development. It also has a sheltered social studies program that permits non-English speakers to learn about World Studies, U.S. History, Civics, and Economics. In addition, ESL teaches American culture and customs so that the students can adjust to the American way of life.

ESL is an important and extensive program at La Puente, there are approximately 120 students involved and 5 teachers.

Reading for Enjoyment

6

The Reading Club was organized in 1982 with the help of advisor Nancy Gibson. Its goal has been to encourage the enjoyment of reading among our students. The members enrolled in the club, more than 50 this year, belong to four different book clubs. The club allows members the opportunity to purchase books at a convenient price. The Reading Club also has a yearly fund raiser for a scholarship that is presented at Senior Honors Night. The officers were: Pres. Sergio Garcia, Vice. Sam Meksavanh, Secretary/ Treasurer Patty Gonzales, and Historian Laura Quinones.

The La Puente Warriorettes have a long history of victories. Every year they make the best of what they do. With the help and guidance of their advisor Mozella Thompson and all new coach Lourdes Trofeo, the Warriorettes have been truly successful in outdoor as well as indoor competition. The girls put a lot of hard work into every one of their practices — as hard work pays off. This year the Warriorettes have accomplished 2nd best in the district, achieving 3 sweepstakes awards, 3 1st. places, and 1 2nd. place.

The Drill Team consists of lots of fun laughs and group activities. It also requires dedication, participation, and esprit de corp. Every team member shows these qualities throughout the year. L.P. High says "We are proud of our successful Drill Team and hope it continues being the best. Special thanks to Captain Marisol Fuentes, coach Lourdes Trofeo, and Advisor Mrs. Mozella Thompson from the whole Drill Team.

A new advisor was hired-Ms. Mireles, there were two captains for the varsity cheer squad: Dolores Ceja, and Rita Martinez, and a Soph-Frosh cheer squad was added. The new Soph-frosh Cheerleading team that was adopted resulted from a surprisingly large number of girls trying out. By having had this team, the inconvenience of splitting the J.V. squad was avoided. Therefore, both J.V. and Soph-Frosh sport teams has a sufficient amount of pepsters cheering at their games. 3 "If only I could be trick-or-treating." 2 "This pole sure is heavy!"

8 "Getting Into the Groove" came naturally to the varsity Songleaders. Their energetic way of dancing made everyone enjoy watching their performances, especially at USA Summer Camp. There they earned superior ribbons for their home routine along with a spirit stick. They really showed their vigor and great coordination.

There was also a Junior Varsity Songleading team this year. It included three members: Trina Marquez (Cpt), Ana Chavez, and Deana Aguilar. They performed with the J.V. and Frosh-Soph Cheerleading teams to combine into a J.V. Showteam.

Two vivacious mascots topped it all off. They were Susan Sholley and Laura Moss. Dressed in their warrior uniforms, they added a sense of livliness to the games which made the spectators roar with spirit.

Riflettes Are Born

The La Puente Rifles were "born" with a lot of success this year. They hired a full time instructor, and more people were interested in joining. They started the season with high expectations, and a goal to make a name for themselves. They had excellent performances in field competitions, and were proud of their trophies. They gained the recognition they set out to accomplish. Those returning members are already anxious to prove themselves again next year, and for many years to come. This year was a great start for the Riflettes and they certainly did make a name for themselves. Good job Rifles!

Winter Formal

The 1988 Girls League winter formal was this year held at Swiss Park Restaurant in Whittier Saturday the 6th of February.

It all started out with a buffet dinner at 7:30 and went on with a dance with music by "Dave Richards" from The Fashion Factory works and ended at midnight.

The highlight of the evening occurred when Misty Miranda was crowned Senior Queen; Perla Ramirez, Junior Princess; Nadine Lopez, Sophomore Princess; and Emily Miranda, Freshman Princess. Thanks to our Girls League Club President Denise Cabrera and the rest of the members who organized and made the preparations for our Winter Formal, the evening was a success.

Class of 1988 awards

Selected for their involvement in school activities, popularity, grade point average and citizenship. Imagaga salutes this year's Hall of Fame inductees.

Participation in many athletic activities have been an important part of the life of Jose Espinosa. He was a captain of this year's Football team and captain of the Baseball team two of the three years he played. Jose also played two years on the Basketball team. As a sophomore he received most valuable player of the J.V. Basketball team and rookie of the year in Baseball. Jose made all league honorable mention in Baseball and Football.

In the honor society for three semesters and on the honor roll for four semesters are also accomplishments of Jose Espinosa.

Whittier College beckons this outstanding Senior where he plans to major in Education. He plans to teach at the secondary level and coach Basketball. Baseball and Football.

Outstanding Seniors

Sarah B. Panganiban has maintained an active role in student government as President of the California Scholarship Federation (C.S.F.) and as Secretary of Athletics for the Associated Student Body.

A District Scholar for three consecutive years; on the Principals Honor Roll for five semesters and on the Faculty Honor Roll for two semesters. In the area of mathematics and science, she is this year's Bank of America plague recipient. During February, she received the teenager of the Month award.

Sarah has played in Warrior sports. Three years she played on the Volleyball and Badminton teams. She has been a co-captain of the songleaders and sports editor of the Tomahawk.

Watching television and listening to the radio are important to Sarah in her free time. Tennis and Volleyball help keep Sarah active.

Fall of 1988 will find Sarah at the University of California at Los Angeles enrolled with a major in business administration. Her interests in mathematics, accounting, clothes and making money are a natural draw for her. She hopes to incorporate all of her interests into money making as a successful business owner in the field of clothing. Until then, she plans to be an accountant.

Teaching, helping, counseling, keeping the campus clean and getting involved were some of the jobs which the staff members accomplished throughout the year. The support and time that the staff gave to the students by attending the rallies, afterschool sports and extracurricular activities really made a difference.

Dear Sherman,

What a blessing you have been in our lives! You are a wonderful son.

When you were a baby we said you would be a Heisman Trophy winner someday! Heisman Trophy or not you are definitely a winner with your beautiful smile and sweet spirit. You are the world's softest tank!

At this milestone in your life we just want to say how much we love you and appreciate you. As you join us in adulthood, we look forward to an ever deepening relationship as our friend and brother in Christ.

We wish you love, peace, joy and a happy fulfilling life.

You are proof positive that "Children are a heritage of the Lord".

Yours and His,
Mom and Dad

Jose C. Espinosa
Hijo, aun recuerdo cuando te lleve el primer dia a P.S., gracias hijo porque hasta hoy me has dado solo buenos recuerdos suige siendo como hasta ahora. Recuerda que no importa donde tu te encuentre's hay un DIOS que te cuida y una
MADRE que TE QUIERE.

Son, remember your DAD always as a friend. When you are happy or sad I will be here for you. GOD bless you always. I love you.

Thanks for being such a good friend and brother. LUV, your sis Nena.

Good luck always, LOVE ALEX.

I love you, your baby sister, SANDRA.

To deseamos lo mejor, tus Abuelos, y tia Lupe.

Keep on being the best, tia Coco.

Congratulations Class of "88". Thank you for the years of great leadership. Stu, Frances, Ted & Chris Reeder

One of the easiest goals we will ever make is now over, now on to the hard ones. High School is not as easy for some as it is for others, but somehow we always get throught it. Treasure your friends and your knowledge because the big world of bumps and bruises is coming in on us fast. I have found that making this yearbook was a lot harder than I expected, but somehow I finally got it finished. I would like to thank my staff, my Advisor Mike Fox, and my Representative Konnie Krislock, for all of their help and support. Without it I never would have finished. I would like to dedicate this book to not onlyLa Puente High but also to Mr. Mike Fox. This was his last year as Yearbook advisor and I will miss him greatly.

Hold onto your dreams and get ready for the WORLD because high school is now over IN A FLASH.

Dear Carlos,

Congratulations on a job well done! You can be very proud of the work you've done here at L.P.H.S., and I hope you continue to do even better in the future. Remember, this isn't the end, it's just the beginning of the rest of your life. I have many fond memories of you here, and I'll miss you very much next year! I'll miss your humor, charm and sparkling personality, just to name a few! Take good care of yourself and have a happy life. With much love

Mrs. Shirley Davis
